→ LEDVINY A MOČOVÝ MĚCHÝŘ

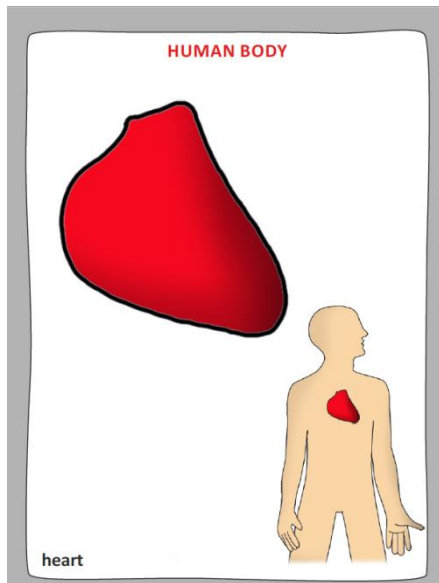

Say with us and point:

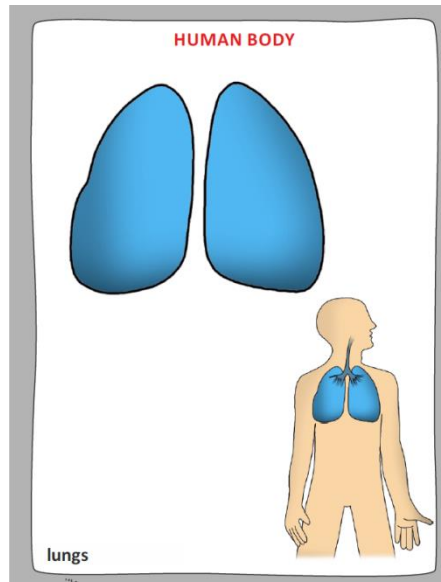

brain

heart

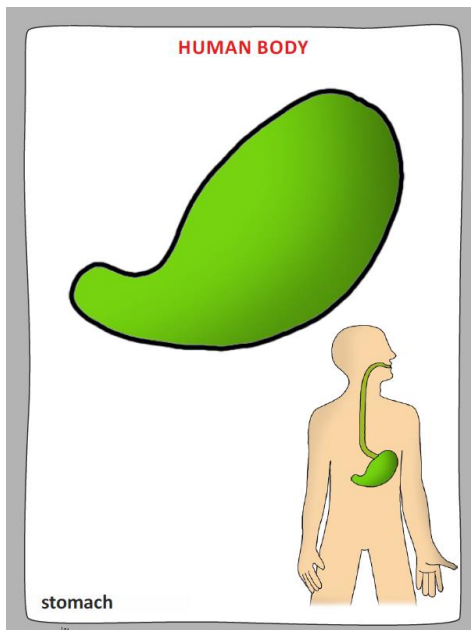

lungs

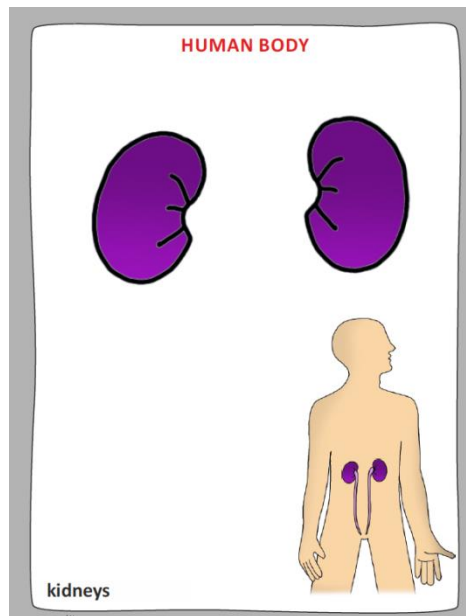

Say with us and point:

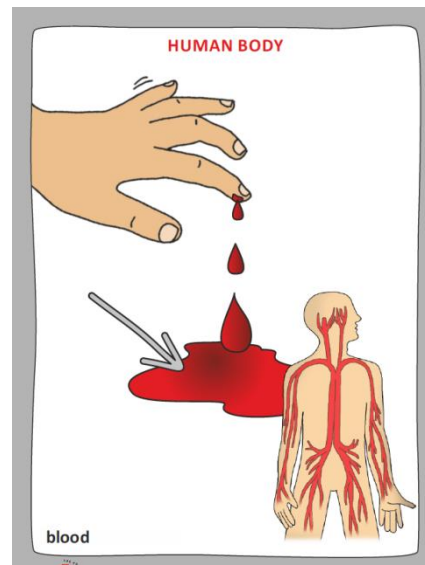

stomach

kidneys

blood

I think with my brain.

My heart beats.

I breathe with my lungs.

I digest with my stomach.

My kidneys clean the blood.

My blood circulates in my body.

I think with my brain.

My heart beats.

I breathe with my lungs.

I digest with my stomach.

My kidneys clean the blood.

My blood circulates in my body.

I think with my brain.

My heart beats.

I breathe with my lungs.

I digest with my stomach.

My kidneys clean the blood.

My blood circulates in my body.
